

Guernsey Companies

With a modern Company Law and a cutting edge Company Registry, Guernsey is a leading jurisdiction for company formation. Combining the advantages of legislation written for the current and future commercial environment with the latest on-line technology, the Guernsey Registry is truly world class, while at the same time being small enough to offer the highest levels of personal customer service.

Types of Guernsey Companies:

- 1) A cell company which can be either
 - i) A protected cell company
 - ii) An incorporated cell company
- 2) An incorporated cell of an incorporated cell company; or
- 3) A company which is neither of the above (a non-cellular company)

Key features of Guernsey Companies:

- 24 hour, 2 hour or 15 minute incorporation, depending on type of company
- Company incorporations from £100
- Company directors can manage their Guernsey company from anywhere in the world once they have been issued with a unique ID number and pin (although a resident agent or local resident director must be in place)
- Standard sets of Memorandum and Articles of Association are available and bespoke sets can be uploaded onto the system at incorporation
- Full on-line real-time service for incorporation, searches, filing, information management, document requests, transfers, dissolutions. Highly competitive prices for these services
- Most on-line activity available 24/7
- On-line annual validation replaces annual return so that maintenance of the company on the Register takes seconds
- On-line notifications of changes to your companies on the Register
- Simple solvency test replaces minimum capital requirements
- Only one Director required as minimum
- Audit exemption available for most companies
- Intellectual Property Register has been integrated and is available to all
- Rapid future product development planned
- Well regulated and highly respected offshore jurisdiction
- Highly attractive fiscal regime
- 0% Capital Gains or Inheritance Tax
